

ROMERO BRITTO™

SUA GALERIA opened its doors to the public, on the first of September at Bogota, Colombia as an exclusive **BRITTO** concept store located at Cra 14 # 85 - 68, Local 4, right in the heart of the most active and vibrant area of Bogota, among exquisite restaurants, high end malls, designer boutiques, cafes, hotels, bars and clubs.

SUA GALERIA's layout was wholly inspired by Britto Central at 818 Lincoln Road, Miami Beach, and represents a total new gallery concept for the Colombian marketplace, focused on targeting a broad public and offering iconic Britto original pieces of fine art, sculptures, giclees, serigraphs, collector items and posters. **SUA GALERIA** provides an ambiance that will transport collectors and visitors to Chelsea (NY), Wynwood (Miami) and Lincoln Road. The effort of this project lead by a group of Colombian entrepreneurs and art collectors mainly look to provide the local market with a closer opportunity to the already global exciting art experience of Britto.

You are invited to **SUA GALERIA** which translates to “YOUR GALLERY”, for an upscale and extended **BRITTO** experience within the Colombian marketplace, where a professional group of advisers will add value to your visits, events and collectors investment decisions.
